RE: Financial Analyst II

Dear Hiring Manager(s),

I would like to express my utmost interest in the position of Financial Analyst II. I am confident my education and experience qualify me as a strong candidate as I match the skills you seek for the position. Having recently graduated from the University of Arizona's Data Analytics and Visualization, I am passionate about data and excited at an opportunity to bring results for you.

My Bachelor's degree in Business-Accounting and experience at National Bank of Arizona provide the finance education and experience you desire. Furthermore, working for Nestle Purina has given me the experience in SAP Business Systems. The Production Data Coordinator position allowed me to attend SAP training, interact with multiple departments, and work closely with the Plant Controller to enhance production efficiency.

I am eager to discuss my resume, personal skills and professional experience in person to further match my qualifications to the position. You may contact me by my cell phone at (520) 312-2170, or by email at alanstaie00@gmail.com. I look forward to hearing from you. Thank you for your time and consideration.

Sincerely,

Alan Staie
